TWO FACTOR AUTHENTICATION
How To Use 2 Steps Authentication With Google Authenticator App
Two-factor authentication (2FA), or two step verification, is a security process in which users provide two different authentication factors to verify themselves. Two-factor authentication adds an additional layer of security to the authentication process by making it harder for attackers to gain access to your online account.
By enabling 2FA Authentication for your MechanicDesk account, MechanicDesk will ask for your valid password and a security code, before giving access to your MechanicDesk account. The security code is provided by an Authenticator App (Google Authenticator or Authy) that is installed on your mobile device. To learn more about the the process, please have a look at the tutorial video below.
Enable 2 Step Authentication

BOOKING CONFIRMATION TEMPLATE
Communication Method: email/sms
Subject
%{auto_workshop_name} Booking Confirmation
Message
Dear %{customer_name}, Your booking with %{auto_workshop_name} at %{booking_datetime} has been confirmed.
Applicable Variables
customer_name
contact_name
customer_first_name
auto_workshop_name
booking_time
booking_datetime
booking_date
make
model
registration_number
fleet_number
vehicle
job_types
description
add_to_calendar_url
Example:
Dear %{customer_name}
Which will produce:
Dear Test Name
Adding A Link
Links can be added directly into your template: e.g. https://www.google.com
Or you may use the following syntax to generate a hyperlink:
[[link | text | url]]
Example:
[[link | Google | https://www.google.com]]
Which will produce:
Google
Note:
Syntax must use double square brackets per example.
Hyperlinks are formatted in emails, SMS will only show the URL.

PRINT TEMPLATE CUSTOMIZATION

One-Off Fee: to be quoted by support team
Monthly Maintenance Fee: **$5.00/month**

MechanicDesk provides many design options for job card, invoice, quote, ... for you to choose from. However, you might have your own design that you prefer. Customized print templates allow you to have your own uniquely designed invoice, job card, quote ... built and maintained by MechanicDesk team.

Please contact our support team for more details.

DIGITAL SIGNATURE

Enable

Status: Disable
Price: **$35.00/month**

Digital Signature

Allows you or your customer to sign the job card/invoice/quote digitally on MechanicDesk Mobile Application or via on our website, using the computer mouse or fingers on a touch screen.

You can also send a link to your customer to request for their signature on the job card/invoice/quote

This add on is very handy for workshops that require customers signature for authorization before any job can proceed.

STORAGE EXTENSION / VIDEOS

Enable

Status: Disable
Price: **$35.00/month**

Storage Extension provides....

1. Capture short videos on MechanicDesk mobile app to attach to jobs.

SERVICE BOOK

ServiceBook Tutorial Videos

SERVICE BOOK™

ServiceBook

A Mobile Application that will allow your customers, (the vehicle owners) to manage their vehicles' service schedules.

Integrating MechanicDesk with ServiceBook allows your customers to:

- Instant access to the vehicles' service history, maintenance note and service schedule
- Make booking requests and manage bookings directly from the ServiceBook App.
- Receive booking confirmations, booking reminders and service reminders via push notifications.
- Receive automatic/live job progress updates.
- Access and contact workshop effortlessly.

Our ServiceBook Integration allows for a higher quality means of communication directly with your customers. To find out more please have a look at our

Enable and manage ServiceBook integration via MechanicDesk's ServiceBook Integration page

Online Booking

For your customers to make online booking, you can either:

* Redirect your customer to the following URL:
https://www.mechanicdesk.com.au/online-booking/12355ca1d873a84919655d6d1320c5cd7cf2e17b

* Use the following snipet on your website
Make sure you adjust the iframe properties and apply proper styling to make the page looks good on all devices (be responsive), please talk to your website developer for more details.

```
<iframe src='https://www.mechanicdesk.com.au/online-booking/12355ca1d873a84919655d6d1320c5cd7cf2e17b' width='100%' height='100%' frameBorder='0'></iframe>
```

* Alternatively, you can also build your own online booking form and use our online booking API to submit the booking request.
Please refer to the following documentation or contact our support team for more details.

EMAIL LOGO

BRIDGESTONE

Logo Background Color: **#ffffff**
Logo Alignment: **center**
Logo Position: **top**
Email Footer:

Tips:

Make sure the logo is not too big. Big logo make the email takes longer to load, which might affect your email deliverability.

The header/logo maximum display is 600px by 100px (width x height)

For your header to look exactly like you want it to, you can upload an image 600 pixels wide and 100 pixels high, which contains the logo and any background you want.

The default background color for the logo is white since most logos have a white background. Ensure that this color matches the logo's background color, or you have a logo with a transparent background if you intend to set this color.
